

Sendai Framework for Disaster Risk Reduction

Comparison of the target definition in zero-draft, released on October 20th, 2014, with the draft text that served as a basis for the conference negotiation (dated January 28, 2015), and the finally adopted text (as on March 18, 2015)

Target	<i>Zero-draft as on 20/10/2014</i>	<i>Draft as on 28/01/2015</i>	<i>Final text released on 18/03/2015</i>
[1] Mortality	<i>Reduce disaster mortality by [a given percentage in function of number of hazardous events] by 20[xx];</i>	<p>[a] <i>Substantially reduce</i> disaster mortality [per capita] by 2030 [to achieve a minimum average global mortality from disasters between 2020 and 2030 lower than the average mortality between 2005 and 2015.]</p> <p>[b] <i>Substantially reduce</i> disaster mortality [per capita] by 2030. [FN] To achieve this target, the minimum average global mortality from disasters between 2020 and 2030 should be lower than the average mortality between 2005 and 2015.</p>	<i>Substantially reduce</i> global disaster mortality by 2030, aiming to lower average per 100,000 global mortality between 2020-2030 compared to 2005-2015.
[2] Affected people	<i>Reduce the number of affected people by [a given percentage in function of number of hazardous events] by</i>	[a] <i>Substantially reduce</i> the number of affected people per capita at the global level by 2030. [FN] To achieve this target, the minimum average of	<i>Substantially reduce</i> the number of affected people globally by 2030, aiming to lower the average global figure per 100,000 between 2020-

	<p>20[xx].</p>	<p>number of affected people from disasters between 2020 and 2030 should be lower than the average number of affected people between 2005 and 2015.</p> <p>[b] <i>Substantially reduce</i> the number of affected people per capita at the global level by 2030. [FN] Categories of affected people will be considered/elaborated/agreed in the process for post Sendai work to be decided upon by the Conference.</p>	<p>2030 compared to 2005-2015. [FN] Categories of affected people will be elaborated in the process for post Sendai work decided by the Conference.</p>
<p>[3] Economic loss</p>	<p><i>Reduce</i> disaster economic loss by [a given percentage in function of number of hazardous events] by 20[xx].</p>	<p><i>Reduce</i> direct disaster economic loss in relation to global gross domestic product (GDP) by 2030.</p>	<p><i>Reduce</i> direct disaster economic loss in relation to global gross domestic product (GDP) by 2030.</p>
<p>[4] Critical infrastructure</p>	<p><i>Reduce</i> disaster damage to health and educational facilities by [a given percentage in function of number of hazardous events] by 20[xx].</p>	<p>[a] <i>Substantially reduce</i> disaster damage to critical infrastructure, <i>particularly</i> health and educational facilities [by a given percentage] by 2030.</p>	<p><i>Substantially reduce</i> disaster damage to critical infrastructure <u>and disruption of basic services</u>, among <i>them</i> health and educational facilities, including through developing their resilience by 2030.</p>

[b] *Substantially reduce* disaster damage to critical infrastructure and disruption of basic services, among them health and educational facilities, including through developing their resilience by 2030.

[5]	DRR strategies	<i>Increase</i> number of countries with national and local strategies by [a given percentage] by 20[xx].	<i>Substantially increase</i> the number of countries with national and local disaster risk reduction strategies by 2020. [Increase by a given percentage accordingly with national capacities the number of national instruments to reduce direct disaster economic loss by 2030].	<i>Substantially increase</i> the number of countries with national and local disaster risk reduction strategies by 2020.
------------	-----------------------	---	---	---

[6]	-		[a] [<i>Substantially</i>] enhance international cooperation in support of disaster risk reduction [[in/to] developing countries/from developed to developing countries], including through providing adequate, [additional and] timely and predictable financial resources, technical assistance, technology transfer, capacity building and training programmes, [in order to	<i>Substantially</i> enhance international cooperation to developing countries through adequate and sustainable support to complement their national actions for implementation of this framework by 2030
------------	---	--	---	---

enhance resilience to disasters and implement the framework/for the implementation of the framework] [by xx % by 2030].

[b] Enhance international cooperation to mobilize [a variety of necessary resources of its implementation of the framework particularly by developing] [adequate/effective] and sustainable support for the implementation of the framework particularly [by/in] developing countries. [FN] To achieve this target, minimum average international cooperation to developing countries for disaster risk reduction between 2020 and 2030 should be higher than average international cooperation between 2005 and 2015

**[7] Early -
warning
systems and
risk
assessments**

[a] Substantially increase the availability of and access to multi-hazard early warning systems and disaster risk information and assessments to the people by 2030.

Substantially increase the availability of and access to multi-hazard early warning systems and disaster risk information and assessments to the people by 2030.

[b] To develop specific multi-hazard early warning systems and to increase availability and access of people to information related to disaster risk.
